

## ARLINGTON COUNTY, VIRGINIA

**County Board Agenda Item  
Meeting of March 17, 2007**

**DATE:** February 27, 2007

**SUBJECT:** Ratification of Advertisements of Public Hearings on Amendments to the Street Development & Construction Ordinance, Chapter 22, of the Code of Arlington County, Virginia, the Subdivision Ordinance, Chapter 23, of the Code of Arlington County, Virginia, and the Erosion and Sediment Control Ordinance, Chapter 57, of the Code of Arlington County, Virginia, Concerning Engineering Review and Inspection Service, Plat Application, Plat Review, Bond Administration, and Erosion and Sediment Control Fees.

**C. M. RECOMMENDATION:**

Ratify the legal advertisement placed in the Washington Times on March 12, 2007 and approve the placement of a second advertisement scheduled to run on March 19, 2007 as notification of a public hearing on April 9, 2007 for the Planning Commission and a public hearing on March 29, 2007 for the County Board to enact an Ordinance to amend, reenact, and recodify Chapter 22 (Street Development and Construction) Section 22-7, Chapter 23 (Subdivision) Section 23-11, and Chapter 57 (Erosion & Sediment Control) Section 57-8 of the Code of Arlington County, Virginia concerning charges for engineering review and inspection service, plat application, plat review, bond administration services, and erosion and sediment control review/inspection, to become effective on July 1, 2007.

**ISSUE:** None.

**SUMMARY:** The proposed ordinance amends Chapter 22, § 22-7, Chapter 23, § 23-11 and Chapter 57, § 57-8 of the County Code. The Development Services Bureau of the Department of Environmental Services collects these proposed fee increases, which were last increased in July 2004 for engineering review/inspection, plat application/review, and bond administration and July 2001 for erosion and sediment control review/inspection.

**BACKGROUND:** The proposed Development Services Bureau fee increases are identified on the attached Ordinance, Chapter 22, Section 22-7, Chapter 23, Section 23-11, and Chapter 57, Section 57-8. This bureau is responsible for collecting fees for the review of private

development engineering plans and other engineering inspection services. These plans are for the improvements designed and to be built by private development in public rights-of-way. Other fees collected are for subdivision plat review, public improvement bond administration and erosion and sediment control services.

**DISCUSSION:** The fee increases are needed to approach an amount consistent with the cost of services rendered, including personnel and inflationary cost increases. The percentage of fee increases are 16% for engineering review/inspection, plat application/review, and bond administration and 30% for erosion and sediment control review/inspection, which do not exceed the cost to the County of providing the services to which the fees relate. The fees were last increased on July 1, 2004 for engineering review/inspection, plat application/review, and bond administration and July 1, 2001 for erosion and sediment control review/inspection.

Staff has notified the Northern Virginia Builders Industry Association (NVBIA) of the proposed fee increases, so that they can provide any comments before adoption. All of the proposed fee increases would be effective July 1, 2007.

**FISCAL IMPACT:** The fee increases recommended for advertisement are projected to produce an additional \$200,000 annually. These additional revenues are not in the base FY 2008 proposed budget, but would fund the FY 2008 Stormwater Strategic Option.

AN ORDINANCE TO AMEND, REENACT, AND RECODIFY CHAPTER 22 (STREET DEVELOPMENT AND CONSTRUCTION), SECTION 22-7, CHAPTER 23 (SUBDIVISIONS), SECTION 23-11, AND CHAPTER 57 (EROSION AND SEDIMENT CONTROL), SECTION 57-8 OF THE CODE OF ARLINGTON COUNTY, VIRGINIA CONCERNING ENGINEERING REVIEW AND INSPECTION SERVICE, PLAT APPLICATION, PLAT REVIEW, BOND ADMINISTRATION SERVICES AND EROSION AND SEDIMENT CONTROL FEES, TO BECOME EFFECTIVE ON JULY 1, 2007.

I. BE IT ORDAINED by the County Board of Arlington County, Virginia that Chapter 22, Section 22-7 is amended, reenacted, and recodified, effective July 1, 2007, to read in pertinent part, as follows:
